ECHELON BANK
STRONGER TOGETHER

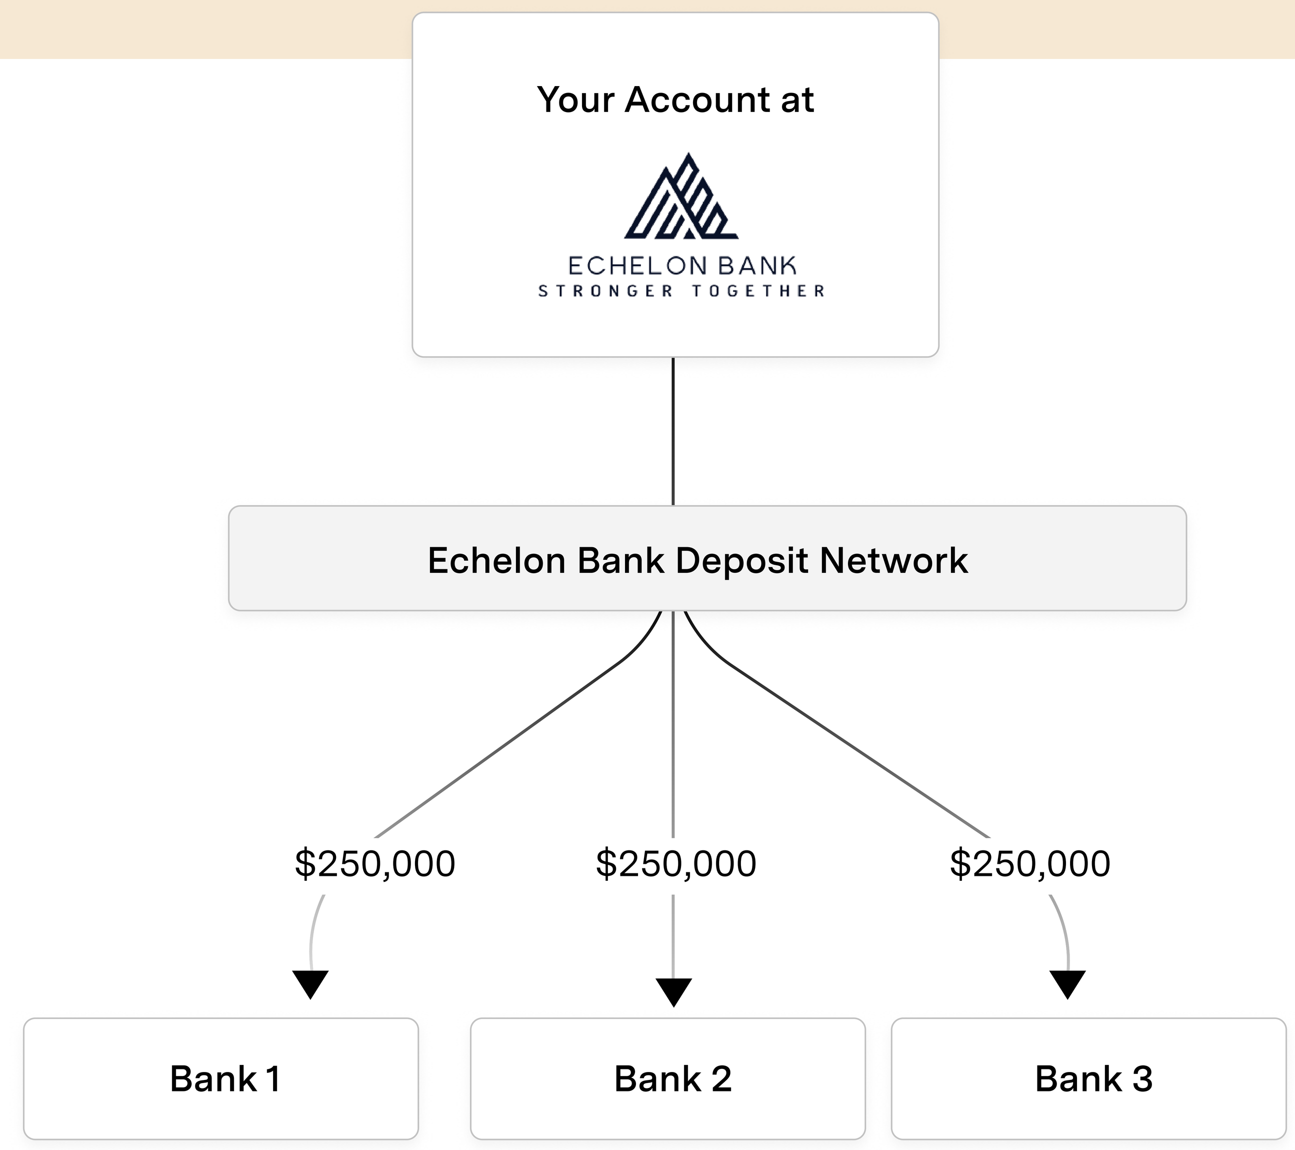
Enjoy peace of mind with access to millions in aggregate insurance for your nonprofit

Your nonprofit's financial stability is crucial for long-term impact. To help, Echelon Bank offers the **Insured Sweep Account**, a unique product that provides access to millions in aggregate insurance through participating banks, while you maintain only one account with Echelon Bank and focus on making an impact on your community.

What is an Insured Sweep Account?

An Insured Sweep Account provides millions in aggregate insurance on your deposits by distributing your balance in amounts under the $250,000 threshold to partner banks. By placing funds under the limit at each bank, your entire balance can be insured by the FDIC's Deposit Insurance Fund.

Insured Sweep Accounts allow you to maintain the flexibility and simplicity of a single account, while Echelon Bank's technology manages fund placement and gives you 24/7 transparency into which banks are holding your deposits.



What are the benefits of an Insured Sweep Account?

- **Aggregate Insurance:** Make your nonprofit's deposits eligible for protection backed by the full faith and credit of the federal government*
- **Support The Community:** Be proud that your funds will support values-aligned community and regional banks
- **Continuous Transparency:** Always know your deposits are allocated safely at other banks you know & trust
- **Single Banking Relationship:** Enjoy aggregate insurance without the hassle of multiple accounts

With all the convenience of a standard deposit account:

- **Full Control of Your Funds:** Deposit, transfer, and withdraw money at any time, just like a regular transaction account
