

Enjoy peace of mind with access to millions in aggregate insurance for your business

In today's dynamic business environment, protecting your capital while efficiently managing your day-to-day operations is crucial. To help, Echelon Bank offers the **Insured Sweep Business Account**, a unique product that provides access to millions in aggregate insurance through participating banks, while you maintain only one account with Echelon Bank.

What is an Insured Sweep Account?

An Insured Sweep Business Account provides millions in aggregate insurance on your business deposits by distributing your balance in amounts under the \$250,000 threshold to partner banks. By placing funds under the limit at each bank, your entire balance can be insured by the FDIC's Deposit Insurance Fund.

Insured Sweep Business Accounts allow you to maintain the flexibility and simplicity of a single account, while Echelon Bank's technology manages fund placement and gives you 24/7 transparency into which banks are holding your deposits.

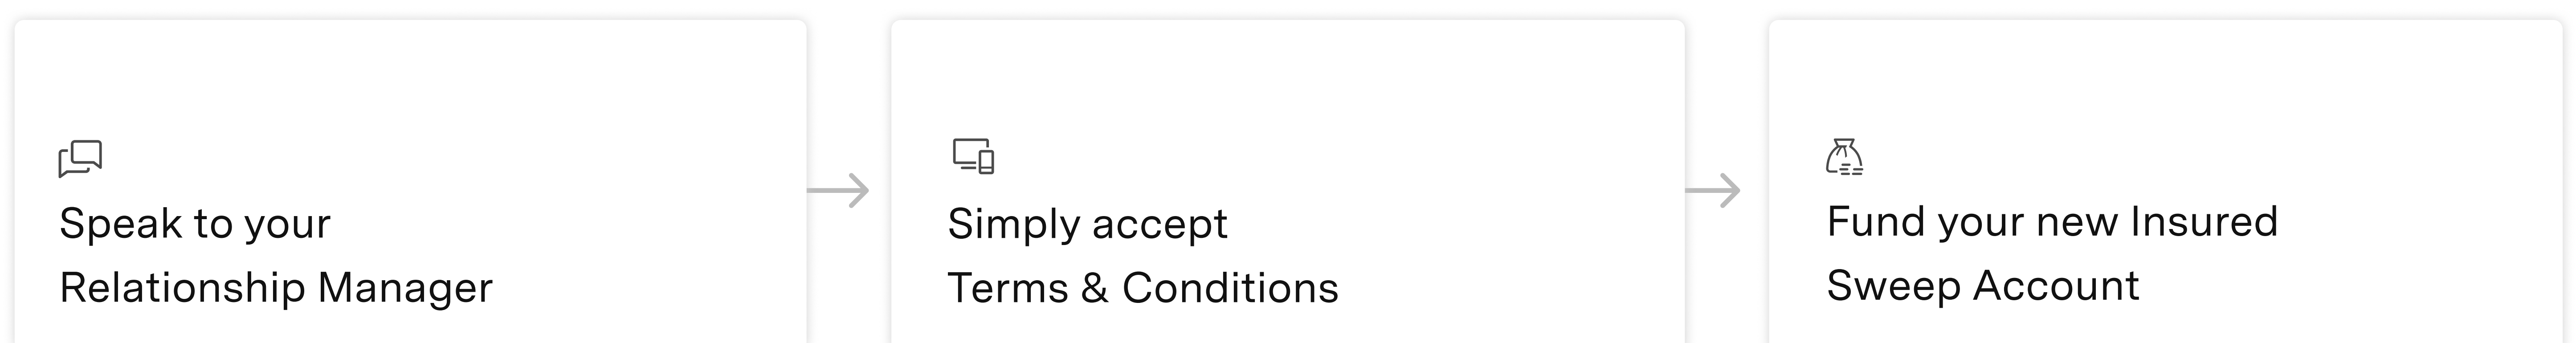

What are the benefits of an Insured Sweep Account?

-  **Single Banking Relationship:** Enjoy aggregate insurance without the hassle of multiple accounts
-  **Earn Interest:** Grow your account with interest earned on your entire balance
-  **Continuous Transparency:** Always know your deposits are allocated safely at other banks you know & trust
